Director Of Engineering Services

8. Preferred Supplier Plant Hire

EXECUTIVE SUMMARY

The preferred suppliers plant hire tender is an important part of Councils operations there needs to be an emphasis on the contractual, workplace health and safety and fatigue management areas of this contract.

Consideration of a two-year contract with construction industry rate increase on the second year would be beneficial to Councils resources as this would free up staff over the two-year period.

Fatigue Management is a legislated requirement to work any sort of roster over 6-day period the paperwork required to be collected collated and checked against the seven elements of the advanced fatigue management is quite onerous on Councils resources.

RESOLUTION

That Council resolves to accept the following.

1. Preferred Suppliers Plant Hire Tender is a two-year tender
2. Second year Construction Industry Standard rate increase is implemented in the tender
3. Review fatigue management system responsibilities is it Councils or the tenderers responsibility to implement

The overall plan for the services, facilities and activities in respect of which the waste management special charge is made and levied shall be identified as follows:</p> <ul style="list-style-type: none"> The rateable land to which the waste management special charge applies is land within each of the benefited areas described in the town area maps 'Planning Maps – Einasleigh, Mt Surprise and Forsyth. Where a parcel of rateable land includes two or more lots, the charge will be levied on each lot. The service facility or activity for which the waste management special charge is made is for the provision of maintenance and operations of all waste management facilities for the towns of Einasleigh, Mt Surprise and Forsyth. The waste management special charge will substantially fund the activity, however Council may determine to subsidise the service in view of the high costs of this service provision and the undue hardship that may result if full cost recovery was sought from the special charge. Council considers that land contained within the defined areas receives an equal special benefit from access to the waste management facilities. Council also considers that the benefit is shared equally by all parcels of land regardless of the value of such land. The service facility or activity for which the waste management special charge is made is for the provision of waste management facilities as set out in the expenditure item in the budget document for the Shire of Etheridge for 2023-24. The time for implementing the overall plan is one (1) year ending 30 June 2024. Briefing Report

1 Key Points of Interest

Summary of matters within the Department – presented 13th September 2023:

- Sale for Arrears of Rates: The next review of rate assessments eligible for sale for arrears will occur in October / November, once outstanding assessments from the forthcoming levy fall into arrears.
- MoU with QHealth: I remain in contact with CHHS for the development of the proposed MoU, although a draft MoU is yet to materialize. My last request for an update was via email sent 28th August, which follows an earlier request late June.
- DSDILGP / KPMG liquidity and sustainability framework review: DSDILGP have terminated the project. A project debrief has been scheduled week of 18th September 2023.
- WCF & Loan Application: Per Council's February resolution to finance the Independent Living Facility and Staff Housing Project from funds (to be offset with grants), Council's application was submitted on 27th April. On Friday 19th May, I was informed by the Dept that consideration of our loan application would be held over until July, however they would continue to assess our application for a working capital facility. I have recently engaged Mead Perry to update our long term financial model and cash flow forecast. Once done, I will be in a position to submit a new application.
- Mt Surprise Water: As previously advised, ongoing monitoring of the Mt Surprise Hall bore continues. An observable layer of petroleum contaminants remains. A water tank has been plumbed to the Hall kitchen and toilets, allowing the Hall to be open for community use. DES continue with their investigation into the source of contamination.
- Rates Notices were issued 1st September 2023. Discount closes 18th October 2023.

2 Operational Matters

- Internal Audit: The Audit Committee is considering an amendment to the Internal Audit Plan, bringing forward a subsequent year internal audit project. Please refer to the later agenda item bringing the minutes of the Audit Committee before the September 2023 Council meeting.
- External Audit: Council forwarded its draft financial statements to QAO on 28th August – the date agreed between QAO, BDO and Council in the External Audit Plan. The final audit visit is scheduled for week commencing 11th September.
- Audit Committee: Council's Audit Committee met on Friday 25th August to receive the final draft Annual General Purpose Financial Statements for year ended 30th June 2023. Please refer to the separate agenda item bringing the minutes before Council.
- NexGen implementation: Council has signed an agreement with LocalBuy to install Nex Gen. We are still arranging mutually convenient dates for its implementation.

3 Projects

- **Georgetown Independent Living Facility:**
 - Legals: This element is nearing completion. Preston Law are finalizing the Special Conditions (to the standard REIQ tenancy lease), following a teleconference involving ACAC Chair, Greg Ryan and myself, together with Dept of Housing social housing requirements (invoked by the Housing Investment Grant guidelines).
 - Project Delivery: Council accepted the Tender submission from Oly Homes at its Special Meeting held 5th May 2023. Orders have not yet been released, pending confirmation of funding.
 - HIF Grant Application: Council's application was shortlisted for further consideration. We have received the Dept's information request for the next stage of the grant application process and are developing our response. The Department have scheduled 3 milestone Teams meetings over the next 2 months to workshop the detail underpinning our application. The first workshop is on planning approvals and project delivery (1st September 2023), the next on the project's financials (mid-September) and the last on governance (mid-October). The Dept have pushed back grant announcements now to the end of November.
 - Civil design: I understand that the civil designs have been completed.
- **Biosecurity Plan:** Further to Council's request at the August Meeting, I have sought an update from SGNRM on their ability to write our local Biosecurity Action Plan – either as a grant funded project or a fee for service consultancy.
- **Town Common Policy:** Council has given a direction to cease implementing the Town Common Policy but have stopped short of rescinding it. Letters have been sent to agistees advising the policy remains under consideration, and no active effort will be made to implement the current version of the Policy. Further to Council's discussion at the August meeting, Council will workshop this matter in the near future.
- **General Ledger re-write:** The new Chart of accounts was rolled Wednesday 25th January. Council's budget has been entered. Coding to AAS 27 reports has been completed. We are now tidying the reporting between Job costing to General Ledger. Once done, this project will be fully complete.
- **Website review:** Work has resumed on reviewing Council's website. Please note that the proposed Budget allocation for a full overhaul of the website was cut from the Budget. The review will effectively result in a refresh rather than a full overhaul.
- **Disaster Dashboard:** Is now live and accessible from Council's website. This project is now complete.
- **Keyless Entry Project (MPSC & Pool):** An order has been issued to North Queensland Video Surveillance (NQVS) to install a key-less entry system. We remain on track to deliver this project within the required timeframe (31/12/2023). Our supplier started installation week of 14th August.
- **Land Use Compliance Reviews:**
 - Georgetown: letters addressing identified non-compliances are being issued.
 - Mt Surprise: Council's consulting town planner has been retained to prepare letters to the respective parties per Council's resolution.

Other

- Council has re-submitted its applications for funding (50/50) for Walking Path Network studies for Forsayth, Einasleigh and Mt Surprise. Council has not budgeted for its co-contribution in the 23/24 budget, and will need to consider whether to proceed or not if any of the applications are successful.
- Student Hostel Capital Grant: Council was successful in its application for \$50,000 (toward a project cost) of \$120,000 to refurbish parts of the Student Hostel (bathrooms & fire safety). Work is planned for either the September 2023 mid-semester school holidays or end of year holidays.
- NWMP Stage 2: Council has received \$30,000 as the advance payment under the North West Mineral Province Building Sustainable Communities Program to commence stage 1 of the development of the Riverwalk.

General Meeting	13 th September 2023
Subject	Audit Committee Meeting Minutes – 25 th August 2023
Classification	Open
Author	Andrew McKenzie, Director Corporate Services

EXECUTIVE SUMMARY

In February 2022, Council reconstituted an Audit Committee.

The Audit Committee met on the 25th August to receive and consider Council's Annual General Purpose Financial Statements. A copy of the Minutes of the Audit Committee meeting is presented for Council's consideration.

RECOMMENDATION

That Council receive the minutes of the Audit Committee Meeting held 25th August 2023, and note the contents therein.

BACKGROUND

As noted above, Council constituted its Audit Committee in February 2022. It met on the 25th August 2023 to receive and consider Council 2022/23 Annual General Purpose Financial Statements.

Under the LG Act & Reg, Council must table its final draft annual financial statements at its Audit Committee before forwarding the statements to Audit. Under the External Audit Plan, Council agreed with QAO to have its financial statements to Audit by Monday 28th August. We have achieved this timeframe.

LINK TO CORPORATE PLAN

Corporate Aim No. 5: Best practice corporate governance and organisational excellence.

Outcome 5.1: Council provides community leadership through financial sustainability and an open and accountable governance structure.

BUDGET & RESOURCE CONSIDERATIONS

An allocation has been made in this year's budget for internal and external audit fees.

CONSULTATION

Both External and Internal Plans have been negotiated with the respective Audit parties and tabled at Council meetings as part of the attachments to prior Audit Committee Meeting Minutes.

LEGAL CONSIDERATIONS

Nil – arising out of this meeting. The External Audit Plan is the legislative trigger for the presentation date of Council's final draft annual financial statements to QAO & external auditor.

Subject	Adoption of Little Gems Sun Protection Policy
Classification	Open
Author	Amanda Butler, Director Little Gems Children's Centre

EXECUTIVE SUMMARY

A new Sun Protection Policy has been created for Little Gems, in order to comply with the requirements of Cancer Council Queensland.

RECOMMENDATION

That Council approve and adopt the new Sun Protection Policy for Little Gems Children's Centre.

BACKGROUND

The Sun Protection policy has been developed to ensure all children, employees and visitors attending our service are protected from UV.

The policy provides guidelines to:

- ensure all children, educators and staff are protected from over-exposure to UV radiation;
- ensure the outdoor environment provides shade for children, educators and staff;
- ensure children are encouraged and supported to develop independent sun protection skills;
- support duty of care and regulatory requirements; and
- support appropriate WH&S strategies to minimise UV risk and associated harms for educators, staff and visitors.

LITTLE GEMS SUN PROTECTION POLICY

This policy applies to all service events on and off-site.

Purpose

Our Sun Protection policy has been developed to ensure all children, employees and visitors attending our service are protected from UV.

This policy provides guidelines to:

- ensure all children, educators and staff are protected from over-exposure to UV radiation;
- ensure the outdoor environment provides shade for children, educators and staff;
- ensure children are encouraged and supported to develop independent sun protection skills;
- support duty of care and regulatory requirements; and
- support appropriate WH&S strategies to minimise UV risk and associated harms for educators, staff and visitors.

Background

The sun's ultraviolet (UV) radiation can't be seen or felt and is most intense during the middle of the day. Whatever the weather, it's important for people of all skin types to use sun protection whenever UV levels are three or higher.

Too much of the sun's UV can cause sunburn, skin and eye damage and skin cancer. Australia has one of the highest rates of skin cancer in the world, with two in three Australians developing some form of skin cancer before age 70. Infants and toddlers up to four years of age are particularly vulnerable to UV damage due to lower levels of melanin and a thinner stratum corneum (the outermost layer of skin). UV damage accumulated during childhood and adolescence is strongly associated with an increased risk of skin cancer later in life.

By teaching sensible sun protection habits from an early age and implementing sun protection measures, early childhood services can play a significant role in reducing skin cancer risk.

Special note regarding infants

SunSmart practices consider the special needs of infants. All babies under 12 months are kept out of direct sun when UV levels are 3 or higher. The best sun protection can be achieved when a

combination of physical sun protection measures such as shade, clothing and hats are used. For those small areas of exposed skin not protected by clothing or hats, apply sunscreen to infants six months and older. The widespread use of sunscreen on babies under 6 months old is not recommended.

Procedures

To assist with the implementation of this policy, educators and children are encouraged to access and display the daily local sun protection times (available from the SunSmart widget on the service's website, the free SunSmart app, myUV.com.au or at Bureau of Meteorology).

The sun protection times are a forecast from the Bureau of Meteorology for the time of day UV levels are forecast to reach three and above.

Sun protection times

UV levels vary across Australia and throughout the year. This listing highlights when UV is typically three and above in each state / territory. There may be times UV levels are three and above outside these periods.

Please check the daily local sun protection times and UV levels to be sure you are using sun protection when it is required for your location.

- **QLD**
All year.
Wherever practicable, outdoor activities should take place before 10am and after 3pm, when UV levels are lower.

The sun protection measures listed are used for all outdoor activities **during the daily local sun protection times**.

A combination of sun protection measures are considered when planning all outdoor activities such as excursions and water play.

1. Seek shade

- Management makes sure there is a sufficient number of shelters and trees providing shade in the outdoor area particularly in high-use areas.
- The availability of shade is considered when planning all outdoor activities.
- Children are encouraged to choose and use available areas of shade when outside.
- Play activities will be set up in the shade and moved throughout the day to take advantage of shade patterns.
- Children who do not have appropriate hats or outdoor clothing are asked to choose a shady play space or a suitable area protected from the sun.
- In consultation with the service's committee, shade provision is considered in future plans and upgrades.
- A shade assessment is conducted regularly to determine the current availability and quality of shade.

2. Slip on sun-protective clothing

- Children are required to wear loose-fitting clothing that covers as much skin as possible. Clothing made from cool, densely woven fabric is recommended. Families are asked to choose tops with elbow-length sleeves, higher necklines (or collars) and knee-length or longer style shorts, skirts and dresses for their child. If a child is wearing a singlet top or shoestring dress, they will be asked to choose a t-shirt/shirt to wear over this before going outdoors.

3. Slap on a hat

- All children and educators are required to wear hats that protect their face, neck and ears (legionnaire, broad-brimmed or bucket style). Peak caps and visors are not considered a suitable alternative.
- Children without a sun protective hat are provided with one where possible.

4. Slop on sunscreen

- SPF30 (or higher) broad-spectrum, water-resistant sunscreen is supplied by the service and/or families.
- Sunscreen is applied in accordance with the manufacturer's directions (which state to apply at least 20 minutes before going outdoors and reapply every two hours (or after sweating, towel drying or swimming).
- To help develop independent skills ready for school, children from three years of age are given opportunities to apply their own sunscreen under supervision of staff and are encouraged to do so.
- Sunscreen is stored in a supervised, cool place, out of the sun and the expiry date is monitored.
- Where children have allergies or [sensitivities to sunscreen](#), parents are asked to provide an alternative sunscreen or children are encouraged to play in the shade.
- Cancer Council recommends a [usage test](#) before applying a new sunscreen.

5. Slide on sunglasses [if practical]

- Where practical, children are encouraged to wear close-fitting, wrap-around sunglasses that meet the Australian Standard 1067 (Sunglasses: Category 2, 3 or 4) and cover as much of the eye area as possible.

Learning and skills

- Sun protection is incorporated into the learning and development program.
- The Sun Protection policy is reinforced by educators and through children's activities and displays.
- Educators are encouraged to complete Cancer Council's free [Generation SunSmart](#) online learning modules.
- Children are encouraged to be involved in initiatives to promote and model sun protection measures at the service including taking leadership roles in managing sun protection e.g. accessing daily UV levels and sun protection times, hat reminders and management of sunscreen.

Engaging children, educators, staff and families

- Educators, staff and families are provided with information about sun protection through noticeboards and emails.
- When enrolling their child, families are:
 - informed of the service's Sun Protection policy;
 - asked to provide a suitable sun protective hat, covering clothing and sunscreen for their child;
 - required to give permission for educators to apply sunscreen to their child; and
 - encouraged to use SunSmart measures themselves when at the service.

WH&S

As part of WH&S UV risk controls and role-modelling, educators, staff and visitors:

- wear a suitable sun-protective hat, covering clothing and, if practical, sunglasses;
- apply sunscreen; and
- seek shade whenever possible.

Monitoring and review

- All staff, including management and educators, monitor and review the effectiveness of the Sun Protection policy and revise the policy when required (at least once every three years) by completing a policy review and membership renewal with CCQLD/ SunSmart at <https://cancerqld.org.au/cancer-prevention/programs-resources/national-sunsmart-program/sunsmart-centre-membership-form/>.
- Sun Protection policy updates and requirements will be made available to educators, staff, families and visitors.

51 High Street	A & RJ Wieland, T/A Wieland Contracting	\$351,729.09

BACKGROUND

Tender documentation was based on the requirements of the recently approved Development Approval 2023-MCU-2, dated 21 April 2023 and the Civil and Electrical plans for the 3 x 1-bedroom dwellings at 51 High Street. Both tenderers were contacted shortly after the closing date to confirm their scope of work and methodology of the tender submissions. Both tenderers submitted revised tender prices to council's "Tender Portal", the figures are listed below.

Tenders Received

Company Name/Submission Description	Quoted Cost Excl GST
A&RJ Wieland T/A Wieland Contracting	\$351,729.09
Baguley Build Pty Ltd	\$395,641.32

The Response Schedule from each tenderer is included in Attachment 1. Complete Submissions in Attachment 4

Tender Assessment

The Assessment of tenders was in accordance with the principles set out in the Local Government Act 2009, which requires Council to accept the tender that is the most advantageous to it, having regard to the following principles outlined in the ‘Conditions of Tender for Goods and Services’ with reference to s104 (8).

- 9.1 *Tenders will be evaluated by reference to the sound contracting principles in section 104 (3) of the Local Government Act 2009, namely:*
 - (a) *value for money; and*
 - (b) *open and effective competition; and*
 - (c) *the development of competitive local business and industry; and*
 - (d) *environmental protection; and*
 - (e) *ethical behaviour and fair dealing.*
- 9.2 *Each Tender will be evaluated using the information provided in the Tender Response.*
- 9.3 *If a Tender Response for a Tender is not fully completed or does not include all supporting documents and materials required by the Conditions of Tender or the Tender Response, the Tender may be rejected.*

The assessment is attached as Appendix 3.

BUDGET & RESOURCE CONSIDERATIONS

This building project is fully funded by Council – it is not being funded by grants or loans. As such, Council allocated \$550,000 in its 2023/24 Budget to fund the project.

Now that we have tested the market to complete building works the project cost estimate has been updated, and attached.

The estimated shortfall to complete the project is approximately \$60,000. There is some certainty that this figure will be sufficient to complete the project as the majority of the items have either been allocated and or invoiced. Further information is contained in attachment 3 – Assessment including Budget.

CONSULTATION

HSH Assessment

Recommendation

- It should be noted that both tenders submitted quality submissions.
- All items were included, costed and found to be in order and competitive against each other.
- Both suppliers can deliver on time.
- Wieland Contracting submitted the most cost-effective option.
- Wieland Contracting is the recommended supplier

Background

- The purpose of this development is to provide short term accommodation for guests and consultants to the shire on council business.
- Currently we have allocated a budget of approximately \$550,000.
- Council has repurposed an existing cabin, another 2 were recently purchased by the same manufacturer.
- The DA was approved 19th April 2023
- Civil and Electrical plans were then developed for construction.
- Public tenders were advertised 31st July 2023, Closed 22nd August 2023, 2 suitable tenders were received.

Scope – All Civil and associated building works except furniture and landscaping.

- The scope below is an overview of the contract, the detailed scope is in the appendix 6 (Tender Request)
- The work that will be delivered with this contract is the following:
 1. Concrete driveway from the street to each carport,
 2. Concrete patio with insulated roof's, and open carports,
 3. Water supply to each unit.
 4. Hot water system to each unit. (Cabins supplier does not supply because they are installed externally and would need a plumber to travel to Georgetown just for this)
 5. Stormwater management.
 6. Electrical supply to each unit, one meter at the main switch board
 7. The septic drainage system installed complete.

Etheridge Shire Council

General Meeting	13 September 2023
Subject	Shire Roads Provision of Sealing Operations
Classification	Open
Author	Allan Parry Infrastructure Services Operations Manager

EXECUTIVE SUMMARY

A tender was placed with Local Buy for Supply and Delivery of Full Bitumen Service to reseal Georgetown/Mt Surprise/Einasleigh Town Streets, Oak Park Road, Forsayth to Einasleigh Road and Kennedy Developmental Road CN19040.

Stabilized Pavements Australia Pty LTD were the best on price and also confirmed they would be able to meet Councils requirements to do all sealing works in the last shift of November.

Tenders were assessed and ranked by price and meeting the criteria in the tender.

RECOMMENDATION

That Council resolves to accept the tender provided by Stabilized Pavements Australia Pty Ltd for the Supply and Delivery of Full Bitumen Service to the value of \$1,213,235.69 Incl GST

BACKGROUND

Resealing works for the shire roads network is a necessity to keep the road network to a good standard. Resealing of roads is required between the 10 to 15 years as part of asset management process to keep sealed roads in a good operational order. Tenders were called through Local Buy Roads, Water, Sewerage & Civil Works BUS 270 (Road Resurfacing).

The following are the areas were identified through asset management assessments as requiring seals due to oxidation and age of the old seals.

Georgetown Streets	Area m2
Haldane Street	378
High Street	8100
Low Street	8400
Short Street	1512

FGF Bitumen Pty Ltd	Did not respond
Koppen Construction Pty Ltd	Did not respond
Pioneer North Queensland Pty Ltd	Did not respond
Fulton Hogan	Did not respond

Initial responses were over budget for the Forsayth to Einasleigh Road so Council went back to the three respondents to request a reduction of scope of 1.48 Km this reduction has bought two respondents back to being under budget which are reflected in the above prices except for Boral Resources.

This is reflected in the difference seen in the RFX summary report and the above prices in the new attached pricing schedules.

QUESTION (from Brett Gartner : bgartner@stabilis.com.au | 0427919511) on 28/Aug/2023 11:01 AM : HI

Can you please provide Chainages for Kennedy DEV rd works?

Confirm 2 schedules for Sealing works Georgetown & Forsyth?

Confirm breakdown of areas between Georgetown & Forsyth?

ANSWER (Public) on 29/Aug/2023 12:29 PM : Kennedy Developmental Road Ch 68.08 to 73.01

There is a mistake with the schedule header and chainage location has been added to the Kennedy Developmental Road new schedule has been uploaded.

All areas for roads are in the schedule.

Updates made to this Request

29/Aug/2023 12:38 PM (30 supplier staff notified of these changes) : Changes to Tender Schedule only updated headers and chainage for Kennedy Developmental Road no quantities have been changed.

Etheridge Shire Council

General Meeting	13 September 2023
Subject	Multi-Purpose Sports Centre Tender
Classification	Open
Author	Allan Parry Infrastructure Services Operations Manager

EXECUTIVE SUMMARY

Whilst Council has not used 3D Civil before they have been recommended as a good company with good practices and a common-sense approach to civil construction with a focus on saving money for the client if there are options to do so. Their company profile also shows they have a good reputation in the construction industry.

Tenders were assessed and ranked by price and meeting the criteria set out and being able to meet Council's deadline of completing all these works by the end of November 2023.

RECOMMENDATION

That Council resolves to accept the tender provided by 3D Civil for the construction of the car park and drainage at the Georgetown Multi-Purpose Sports Centre to the value of \$447,427.00 Excl GST

BACKGROUND

Quotes were called for the construction of the car park, drainage, and ancillary works for the Georgetown Multi-Purpose Sports Centre. Two suitably qualified contractors submitted quotes for the works.

These were 3D Civil and NCH Construction. Whilst Council has not had any dealings with 3D Civil, they come highly recommended as having good systems and very good quality work. Council has worked with NCH, but this has only been in concreting works and pipe laying, whilst the majority of these works are concrete works and drainage, their price is a little high.

1. 3D Civil quoted \$447,427.00 Excl Gst
2. NCH Construction Quoted \$502,747.75 Excl Gst

Whilst only two quotes were received, both quotes are comparatively close and based on or the original budget estimate produced in 2020, which is attached. These quotes reflect the current construction price rises that have been experienced in the last three years.

Council's budget for the works is \$580,000 of 2019 QRA Resilience Funding for street beautification and landscaping to enhance tourism.

Company Profile

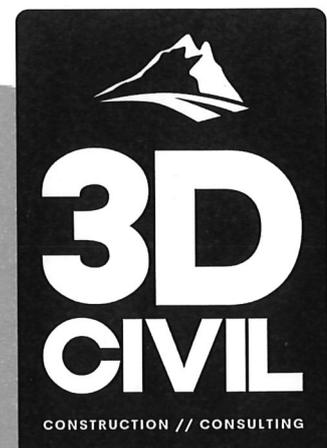

3D Civil Pty Ltd
67 657 830 254

Introduction

3D Civil Pty Ltd was formed in 2022 when our company Sudi Investments Pty Ltd which had been operating since 2016 required the services of Greg Davis as a director and hence the change in name. Greg comes with a high understanding of roadworks as He was a Supervisor/ Consulting for the local council in Cairns. 3D Civils other director Wayne Davis has many years in the earthmoving industry being a director/owner of Northern Civil Earthworks and then Sudi Investments. 3D Civil are currently finishing a large subdivision in Mareeba and currently tendering other works. We are a family based business with many local sub-contractors that perform a high quality of work standards which we require from them. Our main works are subdivisions, Carparks, Drainage and Roadworks. Our many years in the Earthmoving industry has given us a good understanding of all the needs of our clients which include local government bodies and Main Roads. We have QA policy in place for all the contract needs and standards which we apply to our works. Being a small business we are able to be hands on in the work place to maintain a high standard of works. 3D Civil pride ourselves on a good client relationship and a high standard of workmanship

Letter of Offer

Thank you for the opportunity to tender for this project. Please find following our submission for the work as set out therein. The offer is for the items of work outlined in the Schedule of Rates only and is valid for ninety (90) days only after the date of submission.

The submission does not allow for work in rock or latent conditions that may exist but are not apparent at the time of inspection. Items excluded from the tender price and considered outside of the Contractors scope, unless included in the Schedule of Rates, include but are not limited to the following:

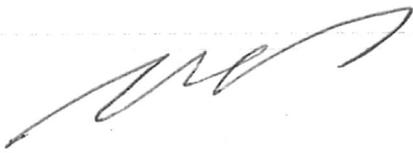

- alteration or removal of any existing gas, sewerage, electrical, communications or other services beyond the scope shown on project drawings;
- excavation, handling or removal of any contaminated or hazardous material, including but not limited to Potential Acid Sulphate or Actual Acid Sulphate soils;
- stand-down time or delays that may arise due to: failure of the Principal to, in a satisfactory and comprehensive manner, respond to a request by the Contractor for information, technical drawings or any other request; or any of the exclusions or other occurrences outside of the Contractor's control;
- other items, works, occurrences or circumstances not included within the Schedule and/or not specified as part of the scope of works;

Any occurrences of the above excluded items or circumstances may result in a claim for variation by the Contractor. This offer and any contracts entered or arising from this offer are subject to The Building and Construction Industry Payments Act 2004 (Queensland). This letter should be considered part of the submission and read in conjunction with the

attached Schedule. Acceptance of this offer shall be deemed as acceptance of all terms and conditions set out by the Contractor as part of this offer. All prices exclude GST, except where specified.

If you have any queries regarding this tender, please do not hesitate to contact me via my mobile: 0447 410 088 or via email: wayne@3dcivil.com.au.

Yours sincerely,
