

ETHERIDGE SHIRE COUNCIL

...The Golden Heart of the Gulf

ROAD UPDATE

Kennedy Development Road

Residents are advised that the Kennedy Development Road, between the Lynd Junction and the Flinders Shire boundary is closed until further notice.

Council work crews have attempted to make the road trafficable, however, due to water inundation in multiple locations, the road are still impassable.

Wet and boggy conditions are preventing Council crews from repairing the road to a trafficable standard to accommodate heavy vehicles.

Residents are advised to seek an alternative route for any heavy freight or stock movements.

The closure of this road is current for all heavy vehicles until further notice.

Council crews are working to try and have this road open to 4WD with 5 tonne load limit in the next few days if conditions allow.

Further updates will be provided in Council's Road Condition Report, regularly updated on Facebook.

Council apologies for any inconvenience this may cause and unfortunately the prevailing wet conditions are out of Council's control.
