General Specification

1. THE SCOPE

1.1 **(Documents comprising the Scope)** The Scope comprises the following documents:

- (a) this General Specification;
- (b) the Scope of Works included at Annexure Part D;
- (c) the Technical Specification included at Annexure Part D
- (d) the Drawings included at Annexure Part D;
- (e) other documents to the extent that they are incorporated (whether physically or by reference) into the Scope, including:
 - (i) TMR Specifications
 - (ii) IPWEA Standard Drawings and Specifications
 - (iii) FNQROC Regional Development Manual Version 9 2023
 - (iv) Water Services Association of Australia (WSAA) standard specification;
 - (v) relevant Australian Standards;
 - (vi) Principal's Policies and Procedures;

1.2 **(Precedence of documents comprising Scope)** The documents comprising the Scope shall be taken to be mutually explanatory. If there is any ambiguity, inconsistency, conflict or discrepancy between any of the documents listed in clause 1.1 then the documents will take precedence in the order set out in clause 1.1, with the document listed at 1.1(a) being the highest in the order. If that does not resolve the ambiguity, inconsistency, conflict or discrepancy then the document which contains the higher standard or more onerous obligation will prevail, unless otherwise directed by the Principal.

1.3 **(Documents incorporated by reference into Scope)** The Contractor is deemed to have obtained copies of, read, understood, and allowed for compliance with the Scope (including any documents which are incorporated into it by reference only).

2. DEFINITIONS

2.1 **(Definitions)** Capitalised terms used in the General Specification have the meanings assigned to them in the General Conditions of Contract (if any) unless the context otherwise requires. Terms which are separately defined in a specific clause have the meanings assigned in those clauses. Otherwise, in the General Specification:

- (a) **Administrator** means, when used in or by reference to Department of Transport and Main Roads documents, the Superintendent;
- (b) **General Conditions of Contract** means the General Conditions of Contract referred to in the formal instrument of agreement to which this General Specification is attached;
- (c) **General Specification** means this document and all attachments to it which forms part of the Contract;
- (d) Nominated Gravel Pit means a gravel pit identified in the Contract by the Principal for use by the Contractor in carrying out WUC;

General Specification

- (e) **Nominated Gravel Pit Boundaries** means the boundaries identified in the Scope of Works which identify the specific part or whole of a Nominated Gravel Pit available to the Contractor for extraction of materials;
- (f) **Principal's Policies and Procedures** means the policies, procedures, codes, plans, guidelines, and the like provided or made available by or on behalf of the Principal to the Contractor from time to time, including those published on the Principal's website which are in any way applicable to this Contract;
- (g) **Scope** means the documents described in clause 1.1 of this General Specification, and any other documents incorporated physically or by reference into Annexure Part D – Scope to the Formal Instrument of Agreement;

3. CONTRACTOR'S INVESTIGATIONS

3.1 **(Investigations)** The Contractor warrants and represents that the Contractor has:

- (a) carefully reviewed the Contract and all other information provided by the Principal to the Contractor for the purpose of WUC, and is satisfied that the Contract and other information is appropriate and adequate to enable the Contractor to comply with its obligations under the Contract;
- (b) inspected the Site;
- (c) familiarised itself with factors that could affect the ability of the Contractor to carry out WUC for the Contract Sum, including weather conditions and the availability of temporary access, haulage routes, Site access, Nominated Gravel Pits, temporary lighting, power, telephone services, water supply, waste disposal facilities and local labour.

3.2 **(Use of models or surveys)** To the extent that the Contractor uses electronic models, including design models, or surveys provided by or on behalf of the Principal, the Contractor must check, and is deemed to have satisfied itself of the accuracy, adequacy and completeness of, such electronic models or surveys, including any coordinate system used.

4. CONTRACT MANAGEMENT

4.1 **(Contractor's Superintendence)** The Contractor shall provide all superintendence necessary for the proper fulfilment of the Contractor's obligations under the Contract, including, unless the Superintendent directs otherwise, a competent site manager and site foreman approved by the Superintendent (with such approval not to be unreasonably withheld). Unless otherwise agreed by the Superintendent, the site manager shall be the Contractor's representative under clause 22 of the General Conditions of Contract.

4.2 **(Requests for review and information)** The Superintendent will endeavor to provide a response and/or Direction in relation to a written request for information from the Contractor within 5 Business Days of receipt of such request. The response time will be dependent on the complexity and quantity of clarifications per information request submitted. The Contractor is encouraged to make recommendations and or suggestions for the Superintendent's consideration when submitting such requests.

4.3 **(Direction by Principal or Superintendent)** The Principal shall not be bound by any verbal advice given or information furnished by any Personnel of the Principal or Superintendent in respect of the Contract. The Contractor must not accept instructions from any person other than the Superintendent and/or the Superintendent's Representative. The Contractor acknowledges and agrees that its obligations and liabilities in connection with the Contract are not affected by any:

- (a) receipt or review of, or comment or Direction on, a document submitted by the Contractor;

General Specification

- (b) failure by the Principal or Superintendent to review, comment on, or give a Direction on any document submitted by the Contractor; or
- (c) failure by the Superintendent to give its approval pursuant to subclause 8.3 of the General Conditions of Contract.

Before relying on the receipt, review, or comment by the Superintendent, or Principal, or complying with a Direction in relation to a document, the Contractor must notify the Superintendent in writing, if doing so will affect a warranty, representation or obligation of the Contractor under the Contract.

4.4 **(Code of Conduct)** If the Principal has published on its website, or made available to the Contractor a copy of document which identifies the standards and behaviours expected from workers, including contractors, in delivering services to the local community (a “Code of Conduct”), then the Contractor must:

- (a) communicate the Code of Conduct to all of the Contractor’s Personnel;
- (b) comply with, and ensure that its Personnel comply with, all requirements of the Code of Conduct, including all standards contained within the Code of Conduct; and
- (c) if directed to do so by the Superintendent, obtain and provide to the Superintendent a signed form from all Personnel engaged by the Contractor to perform any part of WUC which states that the person has read, understood and agrees to comply with the Code of Conduct.

5. DESIGN WORK

5.1 **(References)** In this clause **Contractor’s Design Documents** has the meaning given in the General Conditions of Contract;

5.2 **(Standard of Contractor’s Design Documents)** The Contractor’s Design Documents must, unless the Superintendent otherwise directs, comply with AS 1100.101-1992: Technical Drawing – General as amended or replaced from time to time.

5.3 **(Submission and review of Contractor’s Design Documents)** The Contractor must submit the following Contractor’s Design Documents to the Superintendent for review before carrying out WUC in reliance on the Contractor’s Design Documents and, at the times (if any) identified below:

Description of Contractor’s Design Documents	Format of Contractor’s Design Documents	Timing
Seal Design	PDF Format	Minimum 14 days before any sealing works

5.4 **(Consultant’s design certificate)** Where so required by the Principal, the Contractor must, at the time of submission of Contractor’s Design Documents, give to the Superintendent a statutory declaration properly executed by a representative of the Contractor’s design consultant in a position to verify the facts stated in the declaration, stating that the Contractor’s Design Documents in respect of which the declaration is issued:

- (a) have been prepared by Personnel that:
 - (i) have the experience, skills, expertise, and resources; and
 - (ii) hold all necessary competencies, licences, accreditations, qualifications, permits, clearances, or other authorisations,

General Specification

required to undertake their part of the Contractor's Design Obligations; and

- (b) accord with the requirements of the Contract.

6. NOMINATED GRAVEL PITS

- 6.1 **(Use of Nominated Gravel Pits)** The Contractor must only extract gravel from the area within the Nominated Gravel Pit Boundaries.
- 6.2 **(Extension of Gravel Pit Boundaries)** The Contractor must not seek to negotiate any extension or amendment to the Nominated Gravel Pit Boundaries with any third party without the prior written consent of the Superintendent.

7. SITE

- 7.1 **(Location)** The Site is located at various roads and locations as set out in the Scope.
- 7.2 **(Requirements of access or possession)** The Contractor must provide the following documentation and information to the Superintendent. The documentation and information must be provided:
 - (a) in a form that complies with the requirements of the Contract;
 - (b) as a requirement of the Principal giving access to or possession of the Site; and
 - (c) within 20 Business Days after the Date Of Acceptance Of Tender:

Item	Description	Relevant clause
(A)	Updated Construction Program	Clause 9 of this General Specification
(B)	Stakeholder Management Plan	Clause 10 of this General Specification
(C)	Quality management plan	Clause 11.2 of this General Specification
(D)	Inspection and test plan	Clause 11.3 of this General Specification
(E)	Dilapidation survey	Clause 12.6 of this General Specification
(F)	Environmental management plan	Clause 15.1 of this General Specification
(G)	Erosion and sediment control plan	Clause 15.2 of this General Specification
(H)	Biosecurity risk management plan	Clause 17.4 of this General Specification
(I)	Cultural heritage plan	Clause 18 of this General Specification
(J)	Traffic management plan	Clause 19 of this General Specification
(K)	WHS plan and other WHS documentation (including, if applicable, evidence of payment of fees and lodgement of notice appointing Contractor as principal contractor)	Clause 11F of the General Conditions of Contract

General Specification

(L)	Evidence of compliance with Heavy Vehicle National Law (Queensland)	Clause 11G of the General Conditions of Contract
(M)	Compliance Plan	Clause 11N.3 of the General Conditions of Contract
(N)	Indigenous Economic Opportunities Plan	Clause 11N.4 of the General Conditions of Contract
(O)	Security in the form required by the Contract	Clause 5 and Annexure Part A of the General Conditions of Contract
(P)	Documentary evidence of the giving of notice and the payment of the portable long service levy to Qleave	Clause 11A of the General Conditions of Contract
(Q)	Evidence of insurance	Clause 19 of the General Conditions of Contract
(R)	[detail any other specific requirement to be met before possession of the site will be given].	

- 7.3 **(Site specific induction)** The Contractor must ensure that:
- (a) each of the Contractor's Personnel working on Site receives a site-specific induction;
 - (b) every visitor to the Site either receives, or at all times whilst on Site is accompanied by, a person who has received a site-specific induction for that Site.
- 7.4 **(Site specific requirements)** The Contractor must comply with the reasonable requirements of the Principal in relation to the Contractor's access to or conduct on the Site.
- 7.5 **(Locations within Site)** The Contractor must ensure that all plant, equipment, materials, temporary workshops, stores, and offices are kept within the confines of the Site at locations approved by the Superintendent.
- 7.6 **(Unauthorised entry to site)** The Contractor must use all reasonable endeavours to prevent any unauthorised entry to the Site.
- 7.7 **(Signage)** No signage is to be placed on the Site or the perimeter (other than safety signage) without the prior written consent of the Superintendent.
- 7.8 **(Deliveries)** The Contractor is responsible for delivery and unloading of all goods, equipment and other materials used in WUC (including any such materials used by subcontractors), providing space for the storage of the materials, handling the materials, and checking that the materials comply with the requirements of the Contract.
- 7.9 **(Site office)** The Contractor is to provide an office at the Site for the exclusive use of the Superintendent and the Superintendent's Representatives. The office is to be suitable for Site meetings and accommodate a minimum of eight (8) people. Appropriate furniture including a desk, table, eight (8) meeting chairs, fridge, air conditioning and all associated services are to be provided by the Contractor.
- 7.10 **(Internet)** The Contractor is to provide internet service on Site to enable effective communication and reporting. This service is to be provided at the Contractor's cost to the Superintendent and its representatives.
- 7.11 **(Interference)** The Contractor must use all reasonable endeavours to minimise interference with existing amenities, whether natural or man-made, and the amount of noise caused by the carrying out of WUC.

General Specification

7.12 **(Services)** Except to the extent that the Contract expressly provides otherwise, the Contractor must, at its expense, connect and otherwise provide all required services, including water, sewerage, drainage, electricity, and communications, and obtain all required Approvals for connection or use of services.

7.13 **(Public utilities and other assets)** Without limiting the Contractor's obligations under clause 15 of the General Conditions of Contract, the Contractor must use all reasonable endeavours to identify, locate, and prevent damage to overhead public utility lines, surface drainage works, underground pipes, conduits, and cables in the vicinity of The Works. If the Contractor or any of its Personnel damage any such assets, then:

- (a) the Contractor must immediately report such damage to the owner of the asset and the Superintendent; and
- (b) comply with the requirements of the owner of the asset (including by paying for any required repairs or renewals).

The Contractor must notify the Superintendent immediately if the Contractor considers that it is necessary to alter the location or level of any existing assets to conform with the requirements of the Contract. If directed to do so by the Superintendent, the Contractor must arrange for the relocation Work to be carried out by the appropriate Authority. Subject to clause 25 of the General Conditions of Contract, the Contractor shall bear the cost of such relocation.

7.14 **(No latent condition for material to be excavated)** In addition to any other warranties given or representations made in the Contract, the Contractor warrants and represents that it has inspected the Site and has, carried out all necessary investigations to ascertain the materials which may need to be excavated for WUC and, if required, their suitability to be used in WUC. Notwithstanding clause 25 of the General Conditions of Contract, the Principal shall not be liable upon any Claim in connection with excavation, disposal of materials or replacement of materials irrespective of materials or conditions encountered at the Site.

7.15 **(Other property)** The Contractor must:

- (a) arrange for any other land (in addition to land made available by the Principal) required by the Contractor to carry out WUC, whether for the storage of materials, plant, or equipment, or for any other purposes;
- (b) obtain the Principal's permission in writing to enter any private property (as that term is defined in the *Local Government Act 2009* (Qld) ('Private Property')) before entering the Private Property for the purpose of carrying out WUC or fulfilling any other obligation of the Contractor under the Contract;
- (c) comply with all Legislative Requirements, including the *Local Government Act 2009* (Qld) in relation to entering Private Property;
- (d) not unreasonably obstruct, destroy, or damage any Private Property, other land or other property, and ensure that all roadways, drains, watercourses, buildings, fences, gardens, walls, concrete surfaces and paths, grass and trees, and other property are left in a condition equivalent or better than that in which the property was found, unless the Contractor provides written evidence that the owner of the property agrees otherwise; and
- (e) take over control of any approval, permit, or license that the Principal has in place, in relation to the Site or other land made available by the Principal, prior to commencing any WUC on the Site or using or occupying the other land.

7.16 **(Private property)** The Contractor must ensure that all Personnel of the Contractor that enter Private Property in connection with WUC:

General Specification

- (a) have all appropriate qualifications, skills, and training to exercise a power or perform a responsibility under Chapter 5, Part 2, Division 2 of the *Local Government Act 2009* (Qld);
- (b) do not exercise any power or perform a responsibility under Division 2, Chapter 5 of the *Local Government Act 2009* (Qld) unless the Contractor's Personnel are authorised as local government workers (as that term is defined in the *Local Government Act 2009* (Qld)) ('Local Government Worker') by the Principal; and
- (c) comply with all obligations of a Local Government Worker imposed under the *Local Government Act 2009* (Qld).

8. SETTING OUT

- 8.1 **(Setting out)** The Superintendent shall install set out pegs to assist the Contractor in identifying and constructing The Works from the information shown on the drawings. The Contractor must:
- (a) review the pegs set out by the Superintendent from:
 - (i) the information shown on the drawings;
 - (ii) in the Scope of Works; and
 - (iii) other information provided to the Contractor for this purpose;
 - (b) notify the Superintendent of any omissions or discrepancies with the pegs set out;
 - (c) check all dimensions on Site before proceeding with WUC; and
 - (d) notify the Superintendent of any omissions or discrepancies within the drawings or General Specification.
- 8.2 **(Errors)** Any errors in the position, level, dimensions, or alignment of any WUC shall be rectified by the Contractor at the Contractor's expense, unless the Contractor gave the Superintendent written notice of the error before commencing Work in reliance on the erroneous position, level, dimension, or alignment.
- 8.3 **(Disturbance)** The Contractor shall keep all pegs in their true position.
- 8.4 **(Existing levels)** The Contractor must record the existing road surface levels, sub-grade level (to confirm box depth) and horizontal and vertical alignment via survey for any pavement treatments that are to be bitumen sealed. The digital survey data must be provided to the Superintendent prior to the commencement of each section of this Work.
- 8.5 **(Survey)** Where required by the Superintendent, the Contractor shall provide the Superintendent with a survey from a surveyor stating that The Works have been set out in accordance with the Contract prior to commencing construction of The Works.

9. CONSTRUCTION PROGRAM

- 9.1 **(Format and details)** The Construction Program shall:
- (a) be prepared utilising native format Microsoft Project software, or alternative software as approved in writing by the Superintendent;
 - (b) be submitted in electronic format with copies in both PDF format and native Microsoft Project file format;
 - (c) detail the Contract milestone dates, the commencement and completion dates of each trade, and/or sub-contract; and

General Specification

- (d) identify each work activity, procurement activity and supply contract activity, with activities linked in a logical progression through a 'critical path' and identify any float based on a continuous cycle of WUC.

9.2 **(Allowances in Construction Program)** The Contractor must allow, and is deemed to have allowed, in the Construction Program for all WUC, including where applicable:

- (a) the time permitted under the General Conditions of Contract for the Superintendent to review documents for which the Contract requires the Contractor to obtain the Superintendent's Direction about such documents;
- (b) submission of preliminaries;
- (c) material quality testing of gravel pits to be completed such that test results are submitted to the Superintendent a minimum of 20 days prior to commencement of gravel extraction/stockpiling;
- (d) gravel stockpiling;
- (e) construction hold and witness points; and
- (f) other timeframes under the Contract within which the Superintendent and the Principal are permitted to act.

9.3 **(Approval of Construction Program)** The approval of, or permission to adopt, a Construction Program by the Superintendent will not relieve the Contractor of any of its obligations under the Contract, including the obligation to not, without reasonable cause, depart from an earlier approved Construction Program.

9.4 **(Improving progress)** If the Contractor falls behind an approved Construction Program, the Contractor must, unless otherwise directed by the Superintendent:

- (a) take such steps as are necessary to improve progress (including the use of additional resources);
- (b) promptly, and within the time directed by the Superintendent, submit a revised Construction Program, identifying the steps taken or to be taken.

The Principal shall not be liable upon any Claim in connection with the Contractor's compliance with this clause.

10. STAKEHOLDER MANAGEMENT

10.1 **(Workshop and plan)** The Contractor shall:

- (a) convene a workshop with the Principal, Superintendent, and the Contractor to identify all stakeholders on the project and to agree protocols for communications between stakeholders and the various parties of the Contract;
- (b) develop a stakeholder management plan based on the outcome of the workshop and the requirements of this clause; and
- (c) obtain and comply with the Superintendent's Direction regarding the plan pursuant to subclause 8.3 of the General Conditions of Contract.

10.2 **(Notice to Superintendent)** The Contractor shall give the Superintendent a minimum of 15 Business Days' written notice of changes in traffic movements or any Work impacting individual property owners or businesses. The notice shall be clearly titled 'Notice of Changes in Traffic Movements' or 'Notice of Any Works Impacting Individual Property Owners or Businesses' and contain the following information:

General Specification

- (a) title of notice;
 - (b) start and finish dates of Work;
 - (c) purpose of communications;
 - (d) type and length of interruption;
 - (e) affected locations (chainages, streets, property accesses, etc);
 - (f) whether the works subject to weather;
 - (g) who is carrying out the works (i.e. contractor or subcontractor); and
 - (h) Contractor details.
- 10.3 **(Notice to stakeholders)** The Contractor shall be responsible for undertaking public notification and for delivering written notices to individuals impacted. The Contractor must:
- (a) provide drafts of any proposed public notice and individual written notices at least 5 Business Days prior to the date on which the Contractor intends to release the notices;
 - (b) undertake public notification and deliver the individual written notices no later than 10 Business Days prior to commencing the Works the subject of the notices;
 - (c) provide the Superintendent with a written report detailing the dates and times on which the written notice was hand delivered.
- 10.4 **(Sign board)** The Contractor must provide a sign board comprising the following information, at the entrance to the Site or as required:
- (a) Contractor's name;
 - (b) Contractor's postal address; and
 - (c) Site supervisor's name and 24-hour contact number.
- 10.5 **(Complaints)** With respect to complaints, the Contractor shall:
- (a) maintain a record of any complaints received from any stakeholder or the public, including documentary evidence that complaints have been addressed and attended to, to the satisfaction of the Superintendent; and
 - (b) discuss all complaints with the Superintendent promptly after being made aware of it and follow any directions of the Superintendent in relation to the complaint.

11. QUALITY MANAGEMENT SYSTEM

- 11.1 **(General)** The Contractor must:
- (a) prior to commencing WUC at the Site, implement a quality management system which accords with the requirements of ISO 9001 or with any alternative standard approved by the Superintendent (acting reasonably);
 - (b) provide a copy of the ISO9001 certification (or other documentary evidence suitable to the Superintendent, acting reasonably) of the Contractor's system;
 - (c) comply with, and ensure that all of the Contractor's Personnel comply with the system;

General Specification

- (d) appoint a suitably qualified quality management representative, who shall have such authority to effectively manage and control the implemented quality system.

11.2 **(Quality management plan)** The Contractor's quality management system must include a quality management plan which contains at least the following information:

- (a) a project organisation chart clearly showing the lines of authority, responsibility, and communication that will be in effect;
- (b) details of the qualifications and experience of all project management and supervision staff;
- (c) a lot plan;
- (d) details of project specific procedures, including those related to the following to the extent that they are applicable to WUC:
 - (i) all shop drawing formation and coordination;
 - (ii) management of all services subcontractor/trades;
 - (iii) management of all services/operational commissioning;
- (e) applicable inspection and test plans;
- (f) a register of all proposed quality records; and
- (g) a copy of the NATA terms of registration for the Contractor's compliance testing laboratory.

The Contractor must obtain and comply with the Superintendent's Direction regarding the plan pursuant to subclause 8.3 of the General Conditions of Contract.

11.3 **(Inspection and test plan)** The Contractor must, as part of the Contractor's quality management system, prepare and obtain the Superintendent's Direction regarding an inspection and test plan. The inspection and test plan must, at a minimum, detail:

- (a) the items of Work to be inspected or tested;
- (b) the party who will carry out the inspection or test;
- (c) the stages at which Work is to be inspected and tested or the frequency of inspections and tests;
- (d) the testing procedures and methodologies;
- (e) acceptance criteria;
- (f) non-conformance management and corrective processes;
- (g) Work which shall not be covered up or made inaccessible without the prior approval of the Superintendent;
- (h) witness points for Work for which a Superintendent's Representative must be present;
- (i) hold points beyond which Work cannot proceed without approval of the Superintendent;
- (j) relevant standards; and
- (k) the records to be maintained by the Contractor.

General Specification

The Contractor must obtain and comply with the Superintendent's Direction regarding the plan pursuant to subclause 8.3 of the General Conditions of Contract.

11.4 **(Reporting)** The Contractor must provide the Superintendent with all documents and information:

- (a) reasonably requested to support or evidence the Contractor's quality management system;
- (b) which are produced by the Contractor in compliance with the quality management system.

11.5 **(Inspections)** The Principal and the Superintendent may carry out inspections of the Site at any time. During inspections, the Contractor shall provide the Principal and the Superintendent with all documents, access and assistance reasonably requested by either. The Contractor shall provide a sufficient and safe access for all inspections at the Site. Unless otherwise specified, the Contractor must give the Superintendent no less than 5 Business Days' notice of each hold point and witness point.

Contractor requested inspections shall be scheduled to take place on Business Day's only unless otherwise agreed by the Superintendent.

If the Contractor does not provide the required notification for an inspection, particularly in the event that an urgent after-hours inspection is required to ensure WUC is not delayed, the Superintendent may deduct the cost of the inspection as a Required Deduction pursuant to clause 37.2 of the General Conditions of Contract.

12. REPORTS, MEETINGS AND RECORD KEEPING

12.1 **(Progress reports)** The Contractor must:

- (a) keep the Principal and Superintendent fully informed of the progress and performance of WUC;
- (b) at the times stated in the Contract and when otherwise reasonably required by the Principal and Superintendent, meet and discuss the performance of the Contractor and/or any other matter concerning the Principal in connection with the Contract; and
- (c) comply with any Directions given by the Principal or Superintendent in relation to the performance of the Contractor's obligations under the Contract (but such compliance will not release or discharge the Contractor from any obligation, warranty or representation under the Contract, unless, and then only to the extent that, before complying with a Direction, the Contractor has expressly notified the Principal in writing that so complying would affect a warranty, representation or obligation and the warranty, representation or obligation was affected in the manner so notified).

12.2 **(Meetings)** The Contractor must, at the times reasonably required by the Principal or Superintendent, meet and discuss the performance of the Contractor and/or any other matter concerning the Principal in connection with the Contract. The Contractor shall provide a sufficient and safe access for all meetings at the Site.

Without limiting the preceding paragraph, the Contractor must attend and ensure that the Personnel noted below attend the following meetings:

Item	Meeting description	Typical Topics for discussion	Time meetings for	Required attendees
(a)	Pre-start meeting	Contact Details Key Roles	Prior to commencement	Principal Representative

General Specification

Item	Meeting description	Typical Topics for discussion	Time meetings for	Required attendees
		Contract Documents Contractor Submissions Possession of Site Program Safety & Environment Communications Administration Protocols	of WUC at the Site	Contractor Representative Superintendent (and representatives)
(b)	Weekly Progress Meeting	Safety Environment Program Quality RFIs Variations Progress Claims Risks	Weekly	Principal Representative Contractor Representative Superintendent (and representatives)

12.3 (Record of compliance) The Contractor must:

- (a) create and maintain complete and accurate records, reports and other documents demonstrating the Contractor's compliance with the Contract, including:
 - (i) Inspection and test plans;
 - (ii) gravel logs;
 - (iii) water logs;
 - (iv) loadrite docketts;
 - (v) compaction testing results;
 - (vi) material testing results;
 - (vii) seal designs;
 - (viii) spray seal QA documentation;
 - (ix) spray seal sheets;
 - (x) concrete batch designs;
 - (xi) concrete Quality Assurance documentation; and
 - (xii) concrete delivery docketts,
 - (xiii) progress reports;

General Specification

and any other records, reports or documents reasonably required by the Principal or Superintendent in connection with the Contract; and

- (b) create any document required to be prepared under any management plan prepared under the Contract.

12.4 **(Audit)** The Principal may at any time up to the expiry of the last Defects Liability Period to expire (or where the Contract is earlier terminated, up to 12 months after the date on which the termination takes effect), on the giving of reasonable notice, audit the Contractor's compliance with the Contract or any obligation under it. The Contractor shall facilitate the audit by:

- (a) allowing the auditors to undertake any inspections;
- (b) providing such assistance, information and access to the Site, systems and equipment and other cooperation;
- (c) providing the auditor with copies of, and facilitating the copying by the auditor of, all the other records, information, and documentation required to be created under clause 12,

as reasonably required by the auditor. If the audit reveals any non-compliance by the Contractor with its obligations under the Contract, then the costs reasonably and necessarily incurred by the Principal in conducting the audit shall be a debt due and payable by the Contractor. Otherwise, the Principal shall bear the cost of the audit. For clarity, the Contractor is not required to provide to the Principal under this clause, any documents to the extent that they contain material which is subject to legal professional privilege.

12.5 **(Photographic evidence)** The Contractor must provide to the Superintendent a progressive photographic record of the progress of WUC at the following stages and as otherwise reasonably required by the Superintendent:

Item	Stages at which photographic record to be made
(a)	On the giving of possession of the Site
(b)	Progressive photographic record of the progress of WUC at the end of each week until Practical Completion is achieved;
(c)	All hold points and witness points listed sufficient to demonstrate completion of the scope including, but not limited to, video of proof rolls, photos of subgrade preparation.; and
(d)	At Practical Completion.

Photographs shall meet the following minimum requirements:

- (e) photographs must be in high quality digital format;
- (f) photographs must clearly depict the works completed;
- (g) photographs must be geotagged for accurate georeferencing (included in the file's metadata);
- (h) each file must be labelled to describe the photograph's lot reference and stage and use a naming convention/file structure approved by the Superintendent.
- (i) photographs to be taken at 50m spacings and a minimum 3 completed works photos per Form 4 line item. Note the number of photographs required shall be the number that shows full detail on all aspects of the WUC. If there is any ambiguity by the Contractor

General Specification

on the number of photographs required, reference to the Superintendent or Superintendents Representative shall occur and the Contractor shall comply with the Superintendent Direction.

- (j) photos of subgrade progress must show the width by inclusion of a tape measure or similar.
- (k) at least one photograph per Form 4 line item must show the completed dimension(s) of the work including road width and crossfall by inclusion of a tape measure, smart level or similar.
- (l) photographs taken shall face in an up chainage direction;
- (m) photographs taken through a vehicle / plant windscreen will not be accepted
- (n) photographs must not have The Works obscured by any object or shadow;
- (o) photographs must be in perspective. (that is, the photographs must feature the subject and its surrounds to provide context and scalability)

Payment for each lot shall be conditional on submission of photographs which comply with all of the above requirements of the whole of The Works for which payment is claimed, in addition to the required QA documentation required by this General Specification. If re-work is required, in order for a satisfactory photograph to be obtained, the cost of this work shall be borne by the Contractor.

It is recommended that the Contractor take photographs of completed works photos at the end of each day to minimise the risk to the Contractor. However, completed works photos must be submitted weekly.

The Contractor shall not be entitled to any payment for any work for which the Contractor has not provided a photograph which complies with this clause.

- 12.6 **(Dilapidation survey)** The Contractor must, prior to the commencement of WUC, undertake a dilapidation survey including a photographic record with geo-reference as metadata clearly indicating the date and time of photos taken, of all areas identified as forming part of the Site and the following areas:
- 12.7 The dilapidation survey shall be replicated prior to and as a requirement of Practical Completion. The purpose of this survey is to confirm the pre and post-construction condition of the Site. The dilapidation survey shall be completed by the Contractor and issued to the Superintendent.

13. PAYMENT CLAIMS

- 13.1 **(Additional documentation)** In addition to the requirements stated in the General Conditions of Contract, the Contractor must provide the following documentation with each claim for payment submitted under the Contract:
 - (a) photographic evidence of WUC in accordance with Clause 12.5;
 - (b) Records of Compliance in accordance with clause 12.3.
- 13.2 **(Cash flow projection)** At the time of payment claim submission to the Superintendent, the Contractor must provide an updated cash flow projection schedule for the balance of WUC remaining at the end of each month, including revised cash flow projection based on approved progress claims and total estimated final cost, including Variations and Provisional Work ordered to date.

General Specification

14. SAFETY

14.1 **(Relationship to General Conditions of Contract)** The Contractor's attention is drawn to clause 11F of the General Conditions of Contract. Nothing in this clause 14 shall be taken to limit or exclude any obligation or liability of the Contractor under the General Conditions of Contract or at law in relation to work, health and safety.

14.2 **(Safety audit)** The Contractor must:

- (a) prior to commencing WUC engage an independent third party to carry out safety audits of the Contractor's work practices. The safety audit must, as a minimum, include the following:
 - (i) verification that the Contractor is carrying out WUC in accordance with the approved WHS plan submitted to the Principal under subclause 11F.4(d) of the General Conditions of Contract;
 - (ii) physical safety inspection of the Site and the Contractor's work practices; and
 - (iii) confirmation that Contractor and the Contractor's Personnel are compliant with all Legislative Requirements;
- (b) provide the Principal with the safety auditor's report together with the Contractor's WHS plan within 5 Business Days after completion of the safety audit;
- (c) within 5 Business Days of the date of the safety auditor's report, create a non-conformance plan to rectify non-conformances identified in the safety auditor's report (if any) and keep evidence satisfactory to the Principal of the completion of the plan;
- (d) provide a copy of the non-conformance plan to the Principal within 5 Business Days of the date of the safety audit report. The Principal may audit the implementation of the non-conformance plan to rectify any non-conformances, and request evidence satisfactory to the Principal of completion;
- (e) immediately suspend WUC (or the relevant portion of WUC) until the Contractor has addressed the safety issues identified during the safety audit and/or in the safety audit report. The Contractor must continue to comply with all duties and obligations under the WHS Act and the Contract;
- (f) rectify any non-conformances in the Contractor's WHS Plan and resubmit the revised WHS Plan to the Principal within 5 Business Days.

15. ENVIRONMENTAL PROTECTION

15.1 **(Environmental Management Plan)** The Contractor must, within the time required by clause 7.2, prepare and provide to the Superintendent for review an environmental management plan ('EMP') for WUC, detailing how the Contractor will prevent or minimise the risk of harm to the Environment in performing its obligations under the Contract. The Contractor must obtain and comply with the Superintendent's Direction regarding the plan pursuant to subclause 8.3 of the General Conditions of Contract. The Contractor must comply, and ensure that all of the Contractor's Personnel comply, with the EMP at all times until the expiration of the last Defects liability Period to expire. The EMP must:

- (a) comply with ISO14001;
- (b) cover all WUC to be undertaken at the Site;
- (c) describe the Contractor's process and procedures for the management of the risk of harm to the Environment in connection with WUC;

General Specification

- (d) be consistent with relevant Australian Standards and Legislative Requirements;
- (e) be a practical and achievable plan;
- (f) detail each environmental issue and impact which is to be addressed;
- (g) include all control measures which the Contractor shall undertake and any issues which the Contractor shall address during the construction process (including any required pre or post construction activity);
- (h) detail who is responsible for ensuring the control measures are undertaken, the verification of such actions, and the reporting process;
- (i) provide a trigger for undertaking an action, and where possible, timing of each action;
- (j) detail procedures for the monitoring of the EMP by the Contractor;
- (k) detail a procedure for recording any non-compliance with the EMP; and
- (l) detail a system for registration and action of environmental complaints.

If the Contractor wishes to commence any WUC prior to obtaining the Superintendent's Direction in relation to the complete EMP, sections of the EMP relevant to that WUC may be submitted at least 10 Business Days prior to the planned commencement of that WUC. A hold point shall occur and no WUC shall proceed until written acceptance of the complete EMP or a section of the EMP relevant to a particular construction operation is received from the Superintendent.

15.2 **(Erosion and sediment control plan)** The Contractor must prepare and obtain the Superintendent's Direction regarding an erosion and sedimentation control plan ('ESCP') pursuant to subclause 8.3 of the General Conditions of Contract. The ESCP must describe the Contractor's process and procedures for the prevention or minimisation of harm caused by erosion and sediment in connection with WUC, including by control of overland flows, minimisation of flow path lengths, and the use of trapping devices to capture sediment. The Contractor must undertake the installation, inspection, repair, and maintenance of all environmental control measures required by the ESCP. The Contractor must inspect all environmental control measures at least:

- (a) once each week;
- (b) immediately after any major rainfall event; and
- (c) as otherwise directed by the Superintendent.

15.3 **(Protection of Fauna)** The Contractor must:

- (a) use all reasonable endeavours to minimise disruption to any fauna at or in the vicinity of the Site;
- (b) ensure that each of the Contractor's Personnel and every other person carrying out WUC at the Site:
 - (i) is appropriately trained in relation to the protection of fauna prior to carrying out any part of WUC;
 - (ii) aware of the potential for impacts on fauna and the need to minimise these impacts,prior to that person carrying out any WUC; and

General Specification

- (c) use all reasonable endeavours to ensure that each of the Contractor's Personnel and every other person carrying out WUC at the Site minimises disruption to any fauna in the vicinity of the Site; and
- (d) at the Contractor's expense, comply with any Directions issued by the Superintendent to address any excessive or avoidable adverse impact on fauna at or in the vicinity of the Site.

15.4 (Protection of Flora) The Contractor must:

- (a) use all reasonable endeavours to minimise disruption to any flora at or in the vicinity of the Site;
- (b) ensure that each of the Contractor's Personnel and every other person carrying out WUC at the Site is appropriately trained in relation to the protection of flora prior to that person carrying out any part of WUC;
- (c) use all reasonable endeavours to ensure that that each of the Contractor's Personnel and every other person carrying out WUC at the Site minimises disruption to existing flora at or in the vicinity of the Site;
- (d) make good any damage to flora caused by the Contractor or its Personnel, other than damage which is the unavoidable consequence of carrying out WUC; and
- (e) at the Contractor's expense, comply with any Directions issued by the Superintendent to address any excessive or avoidable adverse impact on flora at or in the vicinity of the Site.

16. WASTE MANAGEMENT

16.1 **(Definitions)** In this clause "Levyable Waste Disposal Site", "Levyable Waste", "Waste", "Waste Disposal Site" and "Waste Levy" have the meanings given to those terms in the *Waste Reduction and Recycling Act 2011* (Qld).

16.2 (Contractor's obligation) The Contractor must:

- (a) ensure that all Waste from the Site is placed in appropriate containers and removed from the Site to a Levyable Waste Disposal Site in accordance with the *Waste Reduction and Recycling Act 2011* (Qld) and any other applicable Legislative Requirements;
- (b) otherwise, ensure that all Waste arising from WUC is disposed of in accordance with the requirements of the *Waste Reduction and Recycling Act 2011* (Qld) and any other applicable Legislative Requirements relating to the disposal of Waste; and
- (c) pay all royalties, levies, fees, charges, costs, expenses, taxes, or duties in connection with the disposal of Waste.

16.3 **(Energy Use)** The Contractor shall ensure that the use of energy for WUC is minimised by undertaking regular maintenance of all machinery to ensure energy efficiency and by utilising minimum sized machinery to undertake tasks.

17. BIOSECURITY MANAGEMENT

17.1 (Definitions) In this clause:

- (a) a **Biosecurity Risk** is the risk that exists when dealing with:
 - (i) any pest, disease, or contaminant (including plants, seeds, spores, eggs, vertebrate, and invertebrate pest); or

General Specification

- (ii) something that could carry a pest, disease or contaminant (e.g., animals, plants, soil, equipment and water—known as 'carriers').
 - (b) a **Potential Biosecurity Risk** is a Biosecurity Risk that does not currently occur at the Site, but which has the capacity to occur at the Site. It may be present but not visible or may be introduced during WUC. It includes risks associated with carriers and the movement and sourcing of materials, vehicles, and machinery; and the disturbance, import, or export of soils;
 - (c) a **Known Biosecurity Risk** is a Biosecurity Risk that is currently recorded within the footprint or proximity of the Site which is:
 - (i) identified within biosecurity plans or programs active for the area;
 - (ii) identified during WUC; or
 - (iii) otherwise identified by the Principal;
 - (d) **BRMP** means a Biosecurity Risk management plan;
 - (e) **General Biosecurity Obligation** has the meaning given to that term in the *Biosecurity Act 2014* (Qld).
- 17.2 **(Compliance with Legislative Requirements)** The Contractor must comply with its General Biosecurity Obligation under the *Biosecurity Act 2014* (Qld).
- 17.3 **(Movement of organic materials, machinery and equipment)** Without limiting subclause 17.2, the Contractor's General Biosecurity Obligation includes complying with the Contractor's Legislative Requirements relating to the movement of organic materials (such as, soil, hay, mulch, manure, quarry products, turf and potted plants) and machinery and equipment from the Fire Ant Biosecurity Zones (defined in the *Biosecurity Act 2014* (Qld)).
- 17.4 **(Biosecurity Risk management plan)** The Contractor must prepare and obtain the Superintendent's Direction regarding a BRMP pursuant to subclause 8.3 of the General Conditions of Contract. The BRMP must:
- (a) describe the processes and procedures for the management of Biosecurity Risks in connection with WUC;
 - (b) outline reasonable and practical steps to address Biosecurity Risks;
 - (c) describe how the Contractor will meet its General Biosecurity Obligation;
 - (d) address both Potential Biosecurity Risks and Known Biosecurity Risks.
- The Contractor must comply with and ensure that all of the Contractor's Personnel comply with the BRMP.
- 17.5 **(Training)** The Contractor must ensure that each of the Contractor's Personnel and every other person carrying out WUC at the Site is appropriately trained to be aware of Biosecurity Risks prior to that person carrying out any part of WUC. If at any time during WUC a breach of the BRMP or a significant Biosecurity Risk is identified, then the Contractor must immediately contact the Superintendent for Direction.

18. CULTURAL HERITAGE

- 18.1 **(Definitions)** In this clause:

General Specification

- (a) **Aboriginal Cultural Heritage** has the same meaning as in the *Aboriginal Cultural Heritage Act 2003* (Qld);
- (b) **Aboriginal Party** has the same meaning as in the *Aboriginal Cultural Heritage Act 2003* (Qld);
- (c) **Cultural Heritage** includes Aboriginal Cultural Heritage, Torres Strait Islander Cultural Heritage and Commonwealth Cultural Heritage;
- (d) **Commonwealth Cultural Heritage** means significant Aboriginal areas and objects under the *Aboriginal and Torres Strait Islander Heritage Protection Act 1984* (Cth);
- (e) **Torres Strait Islander Cultural Heritage** has the same meaning as in the *Torres Strait Islander Cultural Heritage Act 2003* (Qld); and
- (f) **Torres Strait Islander Party** has the same meaning as in the *Torres Strait Islander Cultural Heritage Act 2003* (Qld).

18.2 **(Cultural Heritage plan)** The Contractor must, within the time required by clause 7.2 prepare, and obtain the Superintendent's Direction pursuant to subclause 8.3 of the General Conditions of Contract in respect of, a Cultural Heritage plan. The Contractor must obtain and comply with the Superintendent's Direction regarding the plan. The Contractor must comply, and ensure that all of the Contractor's Personnel comply, with the Cultural Heritage plan at all times until the expiration of the last Defects liability Period to expire. The Cultural Heritage Plan must:

- (a) be consistent with relevant Australian Standards and Legislative Requirements.
- (b) describe the Contractor's process and procedures for the management of Cultural Heritage in connection with WUC;
- (c) detail how the Contractor will comply with its obligations under the Contract in relation to the protection of Cultural Heritage;
- (d) include:
 - (i) the results of a search of the Aboriginal Cultural Heritage Database and Register under the *Aboriginal Cultural Heritage Act 2003* (Qld) for the Site;
 - (ii) the steps that the Contractor intends to take to meet its duty of care under the *Aboriginal Cultural Heritage Act 2003* (Qld) or *Torres Strait Islander Cultural Heritage Act 2003* (Qld) including:
 - (A) the details of any communication with the Aboriginal Party or Torres Strait Islander Party about WUC; and
 - (B) details of any proposed Site inspections or monitoring of WUC;
- (e) identify the roles and responsibilities of the Contractor's Personnel and the Contractor's processes and procedures for dealing with Cultural Heritage.

18.3 **(Training)** The Contractor must ensure that each of Contractor's Personnel, and every other person carrying out WUC at the Site, is appropriately trained to be aware of Cultural Heritage prior to that person carrying out any part of WUC.

18.4 **(General Obligations)** Without limiting any other clause in this Contract, the Contractor must, and must ensure that its Personnel, in carrying out and completing WUC:

- (a) comply with its duty of care under section 23 of the *Aboriginal Cultural Heritage Act 2003* (Qld) and the *Torres Strait Islander Cultural Heritage Act 2003* (Qld) requiring the

General Specification

Contractor to take all reasonable and practicable measures not to harm or damage Aboriginal Cultural Heritage and Torres Strait Islander Cultural Heritage;

- (b) act diligently to protect the Cultural Heritage of the Site, the area surrounding the Site, and any other land used by the Contractor in connection with WUC;
- (c) comply with and discharge (and ensure that the Contractor's Personnel comply with and discharge) all obligations imposed on the Contractor under:
 - (i) the requirements of, the *Aboriginal Cultural Heritage Act 2003* (Qld), *Torres Strait Islander Cultural Heritage Act 2003* (Qld), and the *Aboriginal and Torres Strait Islander Heritage Protection Act 1984* (Cth), and any other law relating to the protection of Cultural Heritage which is applicable to WUC;
 - (ii) a Cultural Heritage management plan (if any) approved pursuant to the *Aboriginal Cultural Heritage Act 2003* (Qld), or the *Torres Strait Islander Cultural Heritage Act 2003* (Qld), and applicable to WUC;
 - (iii) any consent, permission, or clearance provided by an Aboriginal Party or Torres Strait Islander Party; and
 - (iv) to the extent to which they are not inconsistent with the obligation in clause 21.4(c)(i), 21.4(c)(ii) or 21.4(c)(iii):
 - (A) the Cultural Heritage plan prepared under clause 18.2;
 - (B) Directions of the Superintendent in relation to the protection of Cultural Heritage;
 - (C) the Principal's Cultural Heritage management policies and plans; and
 - (D) other standards, plans, requirements, codes, guidelines, policies, consents, and permissions relating to the protection of the Cultural Heritage which are applicable to WUC; and
- (d) notify the Superintendent immediately of any communication with the Contractor by an Aboriginal Party or Torres Strait Islander Party (or a person claiming to be an Aboriginal Party or Torres Strait Islander Party) which may affect WUC.

18.5 **(Discovery of assets)** Without limiting anything else in this clause 18, if Cultural Heritage assets are encountered at the Site, the Contractor must immediately:

- (a) cease all Work in the area surrounding the asset;
- (b) notify the Superintendent,

and take appropriate actions as outlined in the Cultural Heritage plan or as otherwise directed by the Superintendent.

19. TRAFFIC MANAGEMENT

19.1 **(Traffic management plan)** The Contractor must, within the time required by clause 7.2, prepare and provide to the Superintendent for review a traffic management plan for WUC, detailing how the Contractor will manage traffic in accordance with the requirements of the Contract. The Contractor must obtain and comply with the Superintendent's Direction regarding the plan pursuant to subclause 8.3 of the General Conditions of Contract. The Contractor must comply, and ensure that all of the Contractor's Personnel comply, with the traffic management plan at all times until the expiration of the last Defects Liability Period to expire.

19.2 **(General)** The Contractor:

General Specification

- (a) is responsible for the safety of all pedestrians and vehicular traffic at, or adjacent to the Site, or in any way affected by the execution of WUC;
- (b) must provide all necessary lights, barriers, notices and signs, and other traffic control devices required for the safe and appropriate management of traffic.
- (c) must comply with and ensure that all traffic control devices conform to:
 - (i) the current Manual of Uniform Traffic Control Devices published by the Department of Transport and Main Roads;
 - (ii) Queensland Guide to Temporary Traffic Management;
 - (iii) AS1742 Manual of Uniform Traffic Control Devices;
 - (iv) Austroads Australian Guide to Temporary Traffic Management;
 - (v) Queensland Guide to Road Safety;
 - (vi) Guideline – Traffic Management at Works on Roads,

as amended or replaced from time to time. In the event of any inconsistency, ambiguity, discrepancy, or conflict between any requirement or standard in the documents listed above, the Contractor shall comply with the more onerous requirement or higher standard unless otherwise directed by the Superintendent.

19.3 **(No obstruction)** The Contractor must:

- (a) provide for the continuous operation of normal traffic along all roads, and pedestrian and vehicular access to properties included in the Contract or intersected by WUC;
- (b) where necessary, provide side-tracks which must be appropriately constructed, signposted, lit, and maintained; and
- (c) use all reasonable endeavours to avoid obstructing any side road, branch track, drain, or watercourse and to the extent that such obstructions cannot be avoided, remove such obstructions as soon as possible.

20. PRACTICAL COMPLETION

20.1 **(Requirements of achieving practical completion)** The Contractor acknowledges that the Contract may elsewhere include additional obligations which must be satisfied as a requirement of Practical Completion. In addition to any such obligations, the Contract must, as a requirement of Practical Completion:

- (a) satisfy all requirements of the Contract in relation to commissioning and operator training;
- (b) provide to the Superintendent one (1) bound and one (1) PDF copy of an end-of-job report which shall contain the following as a minimum to the extent that they apply:
 - (i) material test results;
 - (ii) completed warranties for all fittings and fixtures including major supply information;
 - (iii) operations & maintenance manuals;
 - (iv) building surveyor inspection certificates;

General Specification

- (v) plumbing inspection certificates;
 - (vi) electrical inspection certificates; and
 - (vii) final inspection certificates;
- (c) provide to the Superintendent one compiled electronic folder containing all Contract delivery information including but not limited to:
- (i) Inspection and test plans;
 - (ii) gravel logs;
 - (iii) water logs;
 - (iv) loadrite docketts;
 - (v) compaction testing results;
 - (vi) material testing results;
 - (vii) seal designs;
 - (viii) spray seal QA documentation;
 - (ix) spray seal sheets;
 - (x) concrete batch designs;
 - (xi) concrete QA documentation; and
 - (xii) concrete delivery docketts,
 - (xiii) progress reports;
 - (xiv) Non-conformance Reports (NCRs);
 - (xv) Requests for Information (RFIs)
 - (xvi) Variations
- (d) any additional information reasonably requested by the Superintendent.
